“ So many memories from the UK to Idaho. I always thought that we would sit back and compare stories one day when we get old. I guess time isn't guaranteed and this is just a testament to how finite this existence is. You were already missed and will continue to be until we meet again brother.

“ Rest in power Ivan. Glad I was able to meet such a humble person like yourself while we worked at Tesla. You will be missed. Condolences to the family.
