“ Our deepest condolences to All the Family & loved ones. We know your Love for precious, Leona! To know her, was to love her. She called me, Sis & I called her Lil Lit Bug because she lit up a room with her good spirit, in spite of anything that was going on in life. Leona made you smile & laugh so hard whenever you saw her. She was always dressed "sharp as a tack", so to speak. Whether casual or formal, she was unique in her own way. You had to take a second look! We know everybody had their own special feelings about Leona & she always made u feel very special, no matter what!!! She knew how to reach out & touch our hearts. Family hold dear to those precious memories, they will give you strength! God has picked his special flower from our midst, but we thank him for giving us his special angel, Leona!

“ My condolences to the family, and I will say that, she was a very special and genuine person. My memory of being around her was on the birthday of my step daughter janiyah, GG was in attendance and me, my wife Briana, and GG, as she was called, were talking about how big niyah has gotten and GG looked over at me, and she began to say, continue being the man you are, continue taking great care of her great grandkid, and her energy and words towards me were all love and respect, and I of course told her that I would never stop being the man I am for her and I truly appreciate and respect her for that, and if thereâ€™s anything she needs, Iâ€™m there.
