“ I have known Tyra for all of my life . Growing up she was my neighbor she was like a mother to my sibilings and my self , I last saw her at the hospital where I work as a nurse and we spent time talking about the past she was happy that my sister and I have chosen a Nobel profession and she felt sad that our mother was not alive to see how much we have excell inspite of the fact that we were not privalage growing up . So on behalf of my immediate family and my extended family accept sincere condolences
